

Salmonids in the Classroom

**September 29, 2004, at 4:30 - 8:30 p.m.
TCOE - Elderwood Room, 7000 Doe Avenue,
Visalia**

- Salmonids in the Classroom is a program that provides a unique learning experience for teachers and their students on the salmon and trout fisheries of the Central California Valley.
- Students will have the opportunity to raise trout from eggs to fry to fingerlings to small fish, and then release them into the wild.
- Information for lesson plans for the Salmonids in the Classroom Program will be provided.
- Students will experience the value of aquatic environments and the balance that must be met to maintain and preserve California's fisheries and aquatic habitats.
- Participants will meet Fish and Game staff and hear what other teachers have to say about their experiences in this program.

**The following California Science Standards apply to this program:
Grade Four - 2 b, 3 a-3, 6 a, c; Grade Five - 2 a, 6 a, 6 f-i; Grade Six - 5 a, c-e, 7 a-e
Grade Seven - 1 f, 5 a, b, 7 a; and Grade Eight - 6 a, 8 a, c, 9 a**
