Student Workshop Choices

Write in order the number of your choices for the sessions in the spaces provided below. You will be assigned 3 workshops.

1st	2nd	3rd	4th

WHY YOU SHOULD ATTEND

- Discover how interesting and fun math and science can be.
- Learn about career opportunities for women in mathematics, science, engineering, and technology.
- Form personal contacts with women working in traditionally male occupations.
- Meet other young women interested in science and math.

The conference begins with a welcome and keynote address. The rest of the day is devoted to workshops. Women who have careers in mathematics, science, engineering, or technology lead each workshop. Hands-on workshops provide an opportunity for you to experiment in a specific area such as engineering or chemistry. You will attend 3 workshops. Refreshments and lunch will be provided.

REGISTRATION

REGISTER EARLY!

Only 600 participants from Tulare County Schools can be accepted and we expect to fill the conference before the actual registration deadline date of April 21, 2006. Each participant must have an individual form. Please make copies as needed. Popular workshops fill up quickly and early registration will help you get your top choices. If your choices are full, we will place you in other workshops. We think they are all terrific and you may discover some great careers you had not considered before.

There is a \$10 registration fee. This includes lunch.

REGISTRATIONS WILL NOT BE COMPLETE UNTIL BOTH THE REGISTRATION FORM AND FEE HAVE BEEN RECEIVED. THERE WILL BE NO REFUNDS. Make your check/purchase order payable to Tulare County Office of Education and mail with your form to:
