The Tulare County Science & Engineering Fair displays over 230 science fair projects from students in grades 3-12. These projects recognize the outstanding effort and scientific achievement of Tulare County students. Science experts from a wide variety of fields involving both the private and public sectors judge the projects. All projects are categorized within ten major areas of content:

- Behavioral & Social Science
- Botany
- Earth & Space Science
- Engineering & Mathematics
- Environmental Science
- Medicine & Health
- Microbiology & Biochemistry
- Physical Science
- Product Testing & Materials Science
- Zoology

Opportunities abound for prizes and awards!
