Executive Summary School Accountability Report Card, 2007-08

Tulare County Community School

Address: 2637 West Burrel Ave. , Visalia CA 93278 Phone: (559) 730-2910, Ext. 5122
 Principal: Angel Vazquez Grade Span: 7 - 12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2007-08 school year, except the School Finances and School Completion data that are reported for the 2006-07 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Tulare County Office of Education Community Schools service those referred students in grades seven through twelve, who are either expelled or adjudicated. Juvenile Court, the Probation Department, school districts, and other public agencies refer these high-risk students to one of five community schools located throughout Tulare County. The academic program follows the rigorous standards-based curriculum adopted by the referring districts and is geared to student's individual needs. The program is supplemented with appropriate individual or group counseling in the areas of substance abuse, anger management, and gang intervention. The goal of the program is to transition the students to their district of residence once they meet certain conditions established by Juvenile Court, Probation, terms of the expulsion, and academic progress. The integration of Character Counts! and Reconnecting Youth into the program provides numerous opportunities for students to develop their character by reflection, community service, and good decision making.

2007-08 School Accountability Report Card Report (SARC)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

School Safety Plan is reviewed by stakeholders annually. The plan is updated upon committee recommendations, and the plan is available at each community school site. The plans are presented to parents at Back to School and Open House activities.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the [DataQuest](#) Web site.

Teachers	School			District
	2005-06	2006-07	2007-08	2007-08
With Full Credential	16	14	14	124
Without Full Credential	1	1	1	12
Teaching Outside Subject Area of Competence	0	0	0	---

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2006-07	2007-08	2008-09
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2007-08)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the [NCLB Web site](#).

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
This School	100.0	0.0
All Schools in District	91.8	8.2
High-Poverty Schools in District	99.0	1.0
Low-Poverty Schools in District	100.0	0.0

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1.0	324.0
Library Media Teacher (Librarian)	N/A	N/A
Library Media Services Staff (paraprofessional)	N/A	N/A
Psychologist	N/A	N/A

Foreign Language	Foreign Language instruction is not offered in the community school program. Students may enroll in these courses upon their eventual transition to their district of residence	0
Health	Community school's instructional materials and textbooks in the area of health follow the adopted materials list of the districts referring students to the community school	0
Visual and Performing Arts	Instruction in Visual & Performing Arts is not offered in the community school program. However, community school students have participated in mural projects as part of community service projects.	0
Science Laboratory Equipment (grades 9-12)	Science laboratory equipment is limited in the community school due to safety reasons. Computer software generated science activities at times replaces laboratory equipment	0

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the [Current Expense of Education](#) Web page and teacher salaries can be found on the [Certificated Salaries and Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$8,782	\$328	\$8,454	\$73,448
District	N/A	N/A	N/A	\$73,448
Percent Difference – School Site and District	N/A	N/A	N/A	N/A
State	N/A	N/A	\$5,300	\$66,622
Percent Difference – School Site and State	N/A	N/A	N/A	9 %

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

A full-time Vocational Education teacher assists classroom teachers in the delivery of a Career Awareness curriculum. The Vocational Education teacher also provides vocational interest inventories to students, lessons on job readiness skills, and assists students with job opportunities. The Vocational Education teacher organizes annual job fairs at the school sites for students.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the [Certificated Salaries and Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$44,463	\$32,377
Mid-Range Teacher Salary	\$64,802	\$67,390
Highest Teacher Salary	\$85,141	\$102,402
Average Principal Salary (Elementary)	N/A	
Average Principal Salary (Middle)	N/A	
Average Principal Salary (High)	\$99,565	
Superintendent Salary	\$182,083	
Percent of Budget for Teacher Salaries	38.0 %	
Percent of Budget for Administrative Salaries	4.8 %	

IX. Student Performance California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels.

Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08
English-Language Arts	2	5	1	11	12	27	42	43	46
Mathematics	6	7	4	9	6	25	40	40	43
Science	1	2	14	9	7	14	35	38	46
History-Social Science	3	3	1	3	5	7	33	33	36

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	0	*	*	*
American Indian or Alaska Native	*	*		
Asian	*	*	*	*

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the [CAHSEE](#) Web site.

CAHSEE Results by Performance Level for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level in English-Language Arts and mathematics.

Subject	School			District			State

Mathematics	0.0	8.7	*	17.4	17.0	18.1	46.8	49.9	51.3

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CAHSEE Results by Performance Level for Student Groups – Most Recent Year

This table displays the percent of students, by group, achieving at each performance level in English language-arts and mathematics for the most recent testing period.

Group	English			Mathematics

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the [Physical Fitness Testing](#) Web page.

Grade Level	Percent of Students Meeting Healthy Fitness Zones
5	0
7	0
9	3.6

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	B	B	B
Similar Schools	B	B	B

- "N/A"** means a number is not applicable or not available due to missing data.
- "**"** means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
- "A"** means the school or subgroups scored at or above the statewide performance target of 800 in 2008.
- "B"** 5430343
- "C"** means the school had significant demographic changes and will not have any growth or target information.
- "D"** means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
- "E"** indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	148	-68	-64	387
African American				
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic or Latino				
Pacific Islander				
White (not Hispanic)				
Socioeconomically Disadvantaged				
English Learners				
Students with Disabilities				

- "N/A"** means a number is not applicable or not available due to missing data.
- "**"** means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
- "A"** means the school or subgroups scored at or above the statewide performance target of 800 in 2008.
- "B"** means the school did not have a valid 2007 Base API and will not have any growth or target information.
- "C"** means the school had significant demographic changes and will not have any growth or target information.
- "D"** means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
- "E"** indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	No	No
Participation Rate - Mathematics	No	No
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	No	Yes
Graduation Rate	No	No

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](#) Web site.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](#) Web site.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the [DataQuest](#) Web site.

Alternative School Dropout Rates:

Caution must be used when calculating or analyzing dropout rates for other schools with high mobility including alternative schools or schools eligible or participating in the Alternative Schools Accountability Model (ASAM) such as county operated court/community schools.

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the [CAHSEE](#) Web page. Note: "N/A" means that the student group is not numerically significant.

Number of the school's pupils participating in CTE	0
Percent of the school's pupils completing a CTE program and earning a high school diploma	0
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	0

Courses for University of California and/or California State University Admission (School Year 2007-08)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment, in and completion of, courses required for UC/CSU admission can be found at the [DataQuest](#) Web site.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	0.0
Graduates Who Completed All Courses Required for UC/CSU Admission	0.0

XII. Instructional Planning and Scheduling Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Staff is surveyed annually as to their individual professional staff development needs relating to their teaching assignment, tutoring assignment, and use of technology. Program-wide professional development goals follow assessment gaps that are identified through state assessment results in the areas of mathematics, language arts, and reading. Past staff development goals have resulted in higher passage rates for our students in CAHSEE Math. Current staff development goals relate to the teaching of writing skills across all curricular areas. TCOE Community School staff receives three full staff development days each school year. Additionally, teachers can attend other professional development activities.
