This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. The data presented in this report are reported for the 2009–10 school year, except the School Finances and School Completion data that are reported for the 2008–09 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

The mission of the Tulare County Office of Education Court Schools is to enable high-risk youth to become responsible members of the community by developing skills in effective communication, critical thinking, ethical decision-making, and strategic planning.

The Tulare County Office of Education operates the two adjacent court schools, the Juvenile Detention Facility Court School (JDF) and the Youth Facility Court School (YF), which are chartered to provide incarcerated youth with an educational setting where they can develop academic, social, and life skills needed to successfully transition to their home schools and complete their education.

School Facilities

Summary of Most Recent Site Inspection

The Court Schools are housed in relatively new facilities which are operated by the Tulare County Probation Department. That entity is charged with the responsibility of the safety and security of all detained youth and in ensuring appropriate maintenance of those sites. The classrooms at the Youth Facility are large and receive natural sunlight; our furniture adequately meets our classroom needs. At the Juvenile Detention Facility, completed in 2000, the classrooms are small and windowless providing limited desk space and room for computers.

School Accountability Report Card

Reported Using Data from 2009–10 School Year

Published During 2010–11

The School Accountability Report Card (SARC), which is required by law to be published by February 1 of each year, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2009–10)

This section provides information about the school, its programs, and its goals.

The mission of the Tulare County Office of Education Court Schools is to enable high-risk youth to become responsible members of the community by developing skills in effective communication, critical thinking, ethical decision-making, and strategic planning.

The Tulare County Office of Education operates the two adjacent court schools, the Juvenile Detention Facility Court School (JDF) and the Youth Facility Court School (YF), which are chartered to provide

incarcerated youth with an educational setting where they can develop academic, social, and life skills needed to successfully transition to their home schools and complete their education.

Parallel standards-based curriculum is provided to approximately 175 minors at the two schools, targeting passage of the California High School Exit Exam (CAHSEE) or General Education Development (GED) test. The academic program is geared to individual needs as addressed in the student's Individual Learning Plan (ILP). In small classes of a maximum of 18 at JDF and not exceeding 20 at the Youth Facility, the certified teaching staff presents lessons that accommodate diversity of academic and linguistic skills and learning styles while addressing state curricular standards. Imbedded in the instruction is character education which is also reinforced by literacy studies. There is a strong emphasis on technological applications in the classrooms to promote improved computer literacy, investigate career opportunities, and enhance presentation skills.

Opportunities for Parental Involvement (School Year 2009–10)

This section provides information about opportunities for parents to become involved with school activities, including contact information pertaining to organized opportunities for parental involvement.

Because students in the Court Schools are wards of the court, the primary contact for students while in custody is the Probation staff. For students receiving Special Education support, the parents attend the Individualized Education Program (IEP) team meetings and participate in developing a plan to facilitate their student's achievement. The Court School staff also provides ongoing support to parents. The organization of the School Site Advisory Group (SSAG) provides an avenue of communication for parents through the submission of questions and concerns to the group for discussion and the selection of an outside representative. This advisory group developed the Single Plan for Student Achievement which targets weak academic areas and underperforming subgroups, and the group adjusts that plan to reflect disaggregated testing results.

Student Enrollment by Grade Level (School Year 2009–10)

This table displays the number of students enrolled in each grade level at the school.

III. School Climate

School Safety Plan (School Year 2009-10)

This section provides information about the school's comprehensive safety plan.

The elements of the School Safety Plan are reviewed and updated with staff yearly following discussion with Probation management and the assigned safety officers. Included in the plan are classroom management procedures, standards of professional demeanor, emergency facility procedures (crisis response, evacuation plans, disaster contingencies), mandatory child abuse reporting, sexual harassment policy, and other safe school strategies and programs. The Tulare County Office of Education paid for the installment/upgrade of camera systems within the facility to tape and record classroom incidents.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Suspension rate adjusted for 252 day school year versus traditional 180 days.

Rate	School			District		
	2007-08	2008-09	2009-10	2007-08	2008-09	2009-10

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2010–11)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The Court Schools are housed in relatively new facilities which are operated by the Tulare County Probation Department. That entity is charged with the responsibility of the safety and security of all detained youth and in ensuring appropriate maintenance of those sites. The classrooms at the Youth Facility are large and receive natural sunlight; our furniture adequately meets our classroom needs. At the Juvenile Detention Facility, completed in 2000, the classrooms are small and windowless providing limited desk space and room for computers. No classrooms adjoining bathrooms or sinks.

School Facility Good Repair Status (School Year 2010–11)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2009–10)

This table displays the percent of classes in core academic subjects taught by Highly Qualified Teachers as defined in the Elementary and Secondary Education Act (ESEA), in a school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under the ESEA can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0
All Schools in District	94.2	5.8
High-Poverty Schools in District	96.9	3.1
Low-Poverty Schools in District	100.0	0.0

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2009–10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	N/A	N/A
Counselor (Social/Behavioral or Career Development)	N/A	N/A

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2008–09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil

Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Percent Difference – School Site and State	N/A	N/A	N/A	11.8 %

Types of Services Funded (Fiscal Year 2009–10)

This section provides information about the programs and supplemental services (e.g., information about supplemental educational services related to the school's federal Program Improvement status) that are provided at the school through either categorical funds or other sources.

The Tulare Country Office of Education Court Schools is funded through Title I Neglected and Delinquent which is directed towards supplementing educational services by expanding computer labs, providing counseling/ transitional services, and purchasing instructional materials. Additional monies are provided for staff development and character education.

Teacher and Administrative Salaries (Fiscal Year 2008–09)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$45,574	\$42,377
Mid-Range Teacher Salary	\$66,360	\$67,667
Highest Teacher Salary	\$87,145	\$87,102
Average Principal Salary (Elementary)	N/A	\$108,894
Average Principal Salary (Middle)	N/A	\$113,713
Average Principal Salary (High)	\$115,623	\$124,531

Percent of Budget for Teacher Salaries	33.8 %	40.2 %
Percent of Budget for Administrative Salaries	4.2 %	5.5 %

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and

mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute AYP designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found on the CDE California High School Exit Examination (CAHSEE) Web site at <http://cahsee.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

California Physical Fitness Test Results (School Year 2009–10)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2009–10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	No
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	No	No
API	N/A	Yes
Graduation Rate	No	No

Federal Intervention Program (School Year 2010–11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	Not in PI	Not in PI
First Year of Program Improvement	Not in PI	Not in PI
Year in Program Improvement	N/A	N/A
Number of Schools Currently in Program Improvement	N/A	0
Percent of Schools Currently in Program Improvement	N/A	0.0

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the General Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/general.html>. (Outside Source)

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>. (Outside Source)

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Career Technical Education Programs (School Year 2009–10)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered by the school district that are aligned to the model curriculum standards. The list should identify courses conducted by regional occupational centers or programs and those conducted directly by the school district. This section provides a listing of the primary representative of the career technical advisory committee of the school district and industries represented.

No specific career or technical training is provided; instead, students engage in generalized surveys of vocational opportunities, considered pre-vocational.

Career Technical Education Participation (School Year 2009–10)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of pupils participating in CTE	N/A
Percent of pupils completing a CTE program and earning a high school diploma	0.0
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0.0

Courses for University of California and/or California State University Admission (School Year 2008–09)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	0.0
Graduates Who Completed All Courses Required for UC/CSU Admission	0.0

Advanced Placement Courses (School Year 2009–10)

This table displays, for the most recent year, the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

There were three annual school days dedicated to Court School staff development dedicated to addressing instructional strategies to promote literacy and numeracy within the incarcerated youth population. Individual needs for professional development are determined by annual staff surveys, and then specific workshops, classes, and conferences are arranged to meet those needs; teachers can request three days of such coursework as indicated on their individualized professional plan. Particular attention has been directed towards utilizing technological courses offered through the Tulare County Office of Education in order to upgrade computer skills and enhance technological curricular applications. Additional professional development was directed at the end of the year to the Guided Language Acquisition Design (GLAD) to develop a variety of strategies to promote English language acquisition, academic achievement, and cross-cultural skills within the context of district a state frameworks and guidelines.
